

Sophomore Honors Summer Reading

Please read the two novels:

100 Years of Solitude by Gabriel Garcia Marquez
Pale View of the Hills by Kazou Ishiguio

Either as you read or after you read I would like you to fill out a major works data sheet for each novel to be handed in the first day of class in September. From there we will work together to get ready for our first essay of the year on one of novels from your summer reading. If you have any questions please ask Ms. Cecchi in 013-2.
