

SWIM LESSONS & ADULT WATER FITNESS

Ages: 6 months-12 years

Franklin YMCA

The Franklin YMCA has been teaching people how to be safe around water for decades. Please note - the YMCA revised its swim lesson structure to simplify and more accurately describe skill levels.

Swim Stages: Stages, which better reflect the skills learned, are now used instead of fish levels. The curriculum better serves the different learning styles of children. The structure is simplified and focuses on benchmark skills and goals in each stage. Students progress from fundamentals to stroke technique over six distinct stages.

Program Member Fee: When you register through Medway Community Education, registrants receive the Program Member Fee without having to pay an annual fee. Register through our department – online or by mail. Do not register through the YMCA’s portal.
