

June 9, 2020

Dear families,

Medway Community Education is excited to announce that Summer Adventures Camp will begin on time, June 29!

As we prepare for a summer filled with sports, games, crafts, water play and much more, we will do so by following new guidelines put forth by the State, the Medway Public School District and the Medway Board of Health.

Below are certain health and safety policies relative to COVID-19, put in place during the Phase 2 camp reopening plan.

- No contact check-in/check-out - staff will sign participants in/out daily
- Drop off/pick up at specific locations with social distance guidelines in place
- Hand sanitizer available at all activity stations
- Supervised hand washing and hand sanitizer throughout the day
- Staff will sanitize high touch areas between each group
- Campers will be assigned to the same group for the week
- Groups will consist of 10 campers with 2 counselors for children ages 7 and under
- Groups will consist of 10 -12 campers with 2 counselors for children ages 8 and over
- Group sets of craft supplies, project items, sports equipment
- Social distancing guidelines at tables, play areas, games, sports
- Masks should be labeled and brought in backpacks
- Masks will be worn only if social distance cannot be maintained
- YMCA swim is cancelled as the Y is not allowing outside groups this summer
- Field Trips in Phase 2 are not permitted. This restriction may be lifted for Phase 3

Summer Adventures Camp has multiple play areas that will allow for a number of activities throughout the day. Campers will use the basketball and tennis courts, soccer and softball fields, Burke-Memorial Playground and courts, Middle School gyms and cafeteria, 3 Middle School classrooms for LEGOs, toys and games, and the shaded tent area adjacent to the track, for art. We will enjoy *Pizza Friday* and daily popsicles.

Please feel free to contact the camp director, Melanie Dawson (mdawson@medwayschools.org) with any additional questions.

We look forward to playing outside, seeing our friends and having a fantastic summer!

Karen Niemczyk - Director, Medway Community Education
