Medway, MA
SCHOOL COMMITTEE POLICY

Policy #71

**Fee Structure for
After School Activities**

Student fees for participation in after-school activities shall be set annually by the school committee, except for certain activities as listed in the yearly student handbook.

In order to be eligible for a reduced rate or waiver of fees, families must complete a Free/Reduced School Lunch Application and meet the same eligibility criteria used in that program.

The school committee will review the above student fee on an annual basis.

Any first year club/activity shall be self-funded.

* Private donations directed toward a specific activity may be used to reduce or eliminate a fee for that activity.
