COLLEGE ESSAY WORKSHOP

Medway High School Staff

This intensive workshop will provide students with the time and opportunity to begin their college essay before senior year is in full swing. Whether students have a rough draft, or no idea what to write about, this workshop will help them brainstorm topics and move forward with a plan. Participants will work individually and in groups with dedicated teachers to develop, write and refine essays in their authentic voices. In addition, there will be opportunities to learn more about specific topics, such as college interview etiquette and preparation, scholarship opportunities, and how to be social media savvy. Students will leave with an essay, as well as an invitation to join a social media group for access to ongoing resources and support. Join us with ideas, questions, and enthusiasm to make the most of this workshop and get ahead in the college process. Please bring lunch to each session.

SPEED & STRENGTH ACADEMY

Jason Shea

Learn training techniques and programming that has been used by over twenty state championship teams, numerous league MVPs, Massachusetts Players of the Year, league all-stars in all sports, college and professional athletes, Olympic hopefuls, and national and international champions. Participants develop the first step and five/ten yard acceleration, improve vertical jump, 5-10-5 change of direction, and linear speed and increase sport specific conditioning. Development of team culture using methods learned from top coaches from around the country is also addressed. Participants will receive a six-week strength training template to train on their own and track their progress. All participants must upload a recent health form and immunization record when registering.
