Susan Captain McCarty

A vision board may look like an art project but it is really a powerful goal-setting tool. Celebrities such as Oprah, Ellen DeGeneres, and Beyoncé have all used vision boards to realize their dreams. Each participant will work on personal exercises to focus on what you hope to acquire, experience and feel in your life. Magazine images are then used to strengthen intentions as you work toward your goals. The biggest benefit to karate is that it is an individual sport in which each student works at his or her own pace. The last class will include a test during which the students will demonstrate the skills they have learned during the program. At the conclusion of the test, the students will earn their rank, which, depending on their level, will be either a stripe or a belt.
